Order Delivery Date User Guide

1 Installation

Note: Please take a backup of your all Magento files and database before installing or updating any extension.

Download the extension file:

1. Download the Attribute Importer extension .tar.gz file from synamen.com using your Synamen website account.

2. Extract the .tar.gz file which contains another .tar.gz files.

3. If you are using Magento 2.0.x then you need to extract **synamen-delivery-date-m2-2.0.x.zip** file.

If you are using Magento 2.1.x then you need to extract synamen-delivery-date-m2-

2.1.x.zip file.

If you are using Magento 2.2.x then you need to extract **synamen-delivery-date-m2-2.2.x.zip** file.

If you are using Magento 2.3.x then you need to extract **synamen-attribute-importer-m2-2.3.x.zip** file.

4. Copy the **app** folder and paste it into your magento ROOT directory.

5. Run upgrade command as specified : **php bin/magento setup:upgrade**

6. Run compile command as specified : **php bin/magento setup:di:compile**

7. Run deploy command as specified : php bin/magento setup:static-content:deploy -f

8. Clear the cache either from the admin panel or command line **php bin/magento** cache:clean

9. Now, Please go to Stores -> Configuration -> Synamen -> Delivery Date.

10. Change/Set all other options as per your requirements and save settings

NOTE : Make sure the installation is done from under the FTP administrator account. Otherwise make sure to set 775 permissions to the store root directory after the extension is deployed.

Getting Started

A setup guide and general information to help you

This document covers the installation, set up, and use of this extension and provide answers and solutions to common problems and issues. We encourage you to read this document thoroughly if you are experiencing any difficulties.

Information

This extension does a perfect job of allocating the delivery resources. You get the delivery process planned, fast and easy. The Delivery Date extension for Magento 2 comes in handy here. The module allows you to display the next available delivery date and specify the time required for order processing. Additionally, your buyers get to choose when exactly they want the orders to be delivered, leave comments to the orders, and more.

Features

You can find these features below:

For Customer:

- Pick up the expected delivery date and time on the checkout
- Leave additional information/note for the merchant in delivery comment

For Admin:

- Exclude specific day/time from the delivery date based on the availability
- Edit and add order delivery date to related documents (orders, shipments, email, etc.)

How To Use

 \rightarrow In frontend, Our Magento 2 Order Delivery Date extension tells a different story. Buyers can pick a preferred date and time to receive orders at their convenience - right in the checkout. Also, they can add a special note in the comment to help merchants make the better shipment.

Product Configuration:

The extension allows you to enable/disable the display of the estimated delivery info for each product separately. You can also configure the available delivery periods differently for every product as well. To configure this information for the products, go to the Delvery Options tab while editing the products.

 \rightarrow Display Delivery Date - this setting displays the estimated delivery info on the product page Yes/No.
